ZG helps companies adapt to the New World Order of Business. Clients like our one-stop shopping and convenience in forming teams of specialized experts. They include problem solvers, technology pros and communicators. ZG's innovative low-risk hiring option lets you engage an interim IT leader and transition them to full time on retainer after they prove their performance. Some are former Fortune 500 company C-suite executives.
Hundreds of businesses have used our management consultants, CIOs, risk strategists, data analysts, software developers, AI, MDs, engineers, coaches, HR pros, writers, marketers, ultrasound & PPE experts, JDs & more. We assist with Mergers & Acquisitions, help sell companies and have a large global database of potential buyers.
Half of our associates are in Illinois. More are in other US states and cities in six continents. Connect with our local professionals in distant places for special projects or to represent you. They'll save money & time, navigate bureaucracies, lower employee travel stress & get things done.
An Ethiopian heads our ZG Afrika subsidiary. Visit ZGAfrika.com for our business, financial, risk strategy, IT, marketing and healthcare capabilities across Africa & the Middle East.
